## Job Description

We're looking for an experienced iOS Developer to develop high-quality mobile applications. You will be responsible for the entire mobile app lifecycle, from concept to deployment and maintenance.

## Key Responsibilities

- Develop native or cross-platform mobile applications
- Implement offline-first architecture
- Implement push notifications and analytics
- Integrate with backend APIs and third-party services
- Debug and resolve mobile-specific issues

## Required Skills

- Android
- iOS
- React Native
- Java

- Flutter
- Kotlin
- Docker

## Preferred Skills

- Swift

## Requirements

- Bachelor's or Master's degree in Computer Science, Engineering, or related field
- Strong problem-solving and analytical skills
- Excellent communication and teamwork abilities
- Passion for technology and continuous learning
- 5+ years of professional experience
- Experience mentoring junior developers
- Strong leadership and architectural skills

## Benefits

- Competitive salary package
- Health insurance coverage
- Modern office environment
- Parental leave
- Gym membership
- Stock options
