Job Description

Join our team as a Angular Developer to create exceptional user experiences. You will work closely with designers and backend engineers to build responsive, performant web applications using the latest frontend technologies.

Key Responsibilities

- Collaborate with designers to implement pixel-perfect designs
- Develop reusable UI components using modern frameworks
- Write unit and integration tests
- Integrate with backend APIs and services
- Ensure cross-browser compatibility and accessibility
- Implement state management solutions

Required Skills

- CSS
- Vue.js

- React
- Angular
- Flutter
- Java

Preferred Skills

- TypeScript
- jQuery
- HTML

Requirements

- Bachelor's or Master's degree in Computer Science, Engineering, or related field
- Strong problem-solving and analytical skills
- Excellent communication and teamwork abilities
- Passion for technology and continuous learning
- 0-2 years of professional experience
- Understanding of software development fundamentals

Benefits

- Professional development budget
- Performance bonuses
- Latest technology equipment
- Health insurance coverage
- Annual training allowance
- Modern office environment
- Career advancement opportunities
