Job Description

Join our team as a Vue.js Developer to create exceptional user experiences. You will work closely with designers and backend engineers to build responsive, performant web applications using the latest frontend technologies.

Key Responsibilities

- Build responsive and intuitive user interfaces
- Develop reusable UI components using modern frameworks
- Collaborate with designers to implement pixel-perfect designs
- Optimize frontend performance and loading times
- Write unit and integration tests

Required Skills

- TypeScript
- Vue.js
- Bootstrap

- React

Preferred Skills

- CSS
- Tailwind

Requirements

- Bachelor's or Master's degree in Computer Science, Engineering, or related field
- Strong problem-solving and analytical skills
- Excellent communication and teamwork abilities
- Passion for technology and continuous learning
- 3-5 years of professional experience
- Proven track record of delivering projects

Benefits

- Flexible working hours
- Stock options
- Annual training allowance
- Latest technology equipment
- Performance bonuses
- Competitive salary package
- Health insurance coverage
- Career advancement opportunities
- Professional development budget
